Loss of Rb Cooperates with Ras to Drive Oncogenic Growth in Mammalian Cells

Melissa J. Collins, Ilaria Napoli, Sara Ribeiro, Sinead Roberts, and Alison C. Lloyd*

(Current Biology 22, 1765–1773; October 9, 2012)

As a result of an author oversight in the version of this article originally published online, the significance bars in Figure 6B were incorrectly represented: the small bar should have been labeled ns, whereas the large bar should have been labeled **. This error has now been corrected in both the print and online versions of the article. The authors apologize for the error and any confusion that may have resulted.
